

Pneumatic Breakers, Pick and Chipping Hammers

Chipping hammers - TEX 05P is a small tool for lighter jobs ideal choice for a wide variety of lighter chipping and scaling jobs. They are particularly suitable for renovation and structural alteration work, including chipping concrete, roughening surfaces, hole making, chasing and trimming of various materials.

Pick hammers - TEX 09P is fitted with D-type handles, are the lightest and most productive medium-weight pick hammers in their class. ... with the reliability you need. TEX 9 pick hammers are extremely reliable machines.

Pick hammers - TEX 10PS is a light, compact all-rounder that you'll really appreciate having around when you need a heavy hitter. With its long piston stroke and relatively low frequency, you can work quickly and effectively in concrete, hard brick and other hard materials. Operators like the TEX 10 because it's easy to handle. It weighs just 10 kg and at 500 mm is comparatively short. Add to this the high impact energy, and you have a tool that in relation to its size and weight, hits surprisingly hard.

Pneumatic Breaker - TEX 37P offers performance and reliability. The TEX 37 offers optimum ratio between energy output and weight. The machine is the most reliable in its class with no side bolts, long piston giving proper guidance and anvil block that prevents dirt from coming in the cylinder. The robust kick latch retainer means easy and safe change of tools.

Technical Data

| Model | Wight kg | Air requirement l/s (cfm) | Length mm | Impact frequency blows / min | Tool shank mm | Ordering No |
|------------|----------|---------------------------|-----------|------------------------------|---------------|--------------|
| TEX 05P | 5.5 | 9.5 (20) | 380 | 2750 | H19 x 50 | 8461 0219 00 |
| TEX 09P | 9.2 | 18.5 (39) | 500 | 1790 | H22 x 82.5 | 8461 0211 01 |
| TEX 09PS | 9.6 | 18.5 (39) | 500 | 1790 | H22 x 82.5 | 8461 0211 02 |
| TEX 10PS | 10.2 | 17 (36) | 520 | 1350 | H 22 x 82.5 | 8461 0211 30 |
| TEX 10PSki | 10.7 | 17 (36) | 500 | 1350 | H 22 x 82.5 | 8461 0211 32 |
| TEX 37P | 37 | 35 (74) | 729 | 1200 | H32 x 160 | 8461 0229 12 |
